DATABASE OVERVIEW

ebrary's History database provides simultaneous, multi-user access to the full-text of more than 1,500 digital books. From ancient Greece and Rome, to the modern Middle-East, this database provides a broad selection of original scholarship and synthesized works, as well as a myriad of surveys, primers, and study guides supporting both graduate and undergraduate study.

A continually expanding collection of books from the world's leading publishers, ebrary's History database provides students and researchers access to hundreds of thousands of pages of information – from any web-enabled computer – 24 hours a day.
