**ebrary Launches Suite of Integrated Products for Corporations, Expands its Corporate Sales Team**

**New Engineering and Business Products to be Showcased at SLA, Booth #1254**

**June 2, 2009 – Palo Alto, CA, USA** – Corporations now have a cost-effective, integrated way to give employees the information and tools they need to increase efficiencies and reduce risk.

ebrary®, a leading provider of digital content products and technologies, today announced the availability of new collections in Engineering and Business under flexible subscription and purchase models. These collections can be enhanced with purchases of individual titles and discounted bundles as well as a corporation's own mission critical documents submitted into the ebrary system.

“ebrary understands how critical it is for engineers and other employees to have quick and easy access to reliable information they can trust,” said Leslie Lees, Senior Vice President of Strategic Market Development at ebrary. “Getting the right answers fast is essential to maximizing employee productivity and reducing business and technical risk. As a trusted solution for information retrieval and discovery, ebrary helps corporations achieve both objectives, which is more important than ever in the current economic climate.”

Additionally, ebrary has recently expanded its corporate sales team with the hire of Matt Shill as Director, North American Corporate & Government Sales. Shill has over 14 years of sales management experience with companies such as EBSCO Publishing, Ovid Technologies, and SirsiDynix.

**Affordable Subscription Products with Multi-User Access, 24/7**

ebrary now offers the following subscription databases of technical handbooks, e-books, manuals, reference works and other important materials from world-class publishers such as Pennwell, CRC Press, AMACOM, Elsevier, McGraw-Hill Professional, John Wiley & Sons, and many others.

- Core Engineering

- Engineering & Industrial Management
- Petroleum Engineering
- Finance
- Leadership
- Sales & Marketing

### **Individual Purchases and Discounted Bundles**

Corporations may enhance their subscriptions by purchasing the following pre-packaged subject bundles or choosing from more than 100,000 titles available for purchase individually. More than 75% of ebrary's titles in Engineering and Business were published later than 2004.

- General Engineering
- Chemical Engineering
- Civil Engineering
- Electrical Engineering
- Electronic Engineering
- Environmental Engineering
- Industrial Engineering
- Materials Engineering
- Mechanical Engineering
- Petroleum Engineering—Upstream
- Petroleum Engineering—Downstream
- Finance
- Leadership
- Sales & Marketing

### **Cost-Effective E-publishing Services**

Corporations may also use the same ebrary system to integrate their own content (manuals, handbooks, reports – anything in PDF). ebrary's e-publishing services are available as a hosted solution or developer toolkit.

Corporations and other organizations interested in seeing in a demonstration of ebrary products can visit the company at the Special Libraries Association (SLA) booth #1254 or email [sales@ebrary.com](mailto:sales@ebrary.com).

### **About ebrary ([www.ebrary.com](http://www.ebrary.com))**

ebrary helps libraries, corporations, publishers, and consumers get the most out of their digital content. The company offers a growing selection of more than 170,000 digital books, handbooks, reports, maps, journals and other valuable content from over 350 of the world's leading publishers under flexible subscription, purchase, and usage-based models. Additionally, ebrary offers e-publishing services for customers to cost-effectively distribute their own PDF content online on ebrary's servers or their own.

All ebrary products and services can be integrated and delivered via a single easy-to-use interface that includes powerful tools for finding, discovering, and managing information. With ebrary InfoTools™,

every word in the ebrary system is a network to other online resources of the customers' choice, extending their value while increasing end-user knowledge and efficiencies.

Founded in 1999, ebrary is privately held and is headquartered in Palo Alto, CA, USA.
