## **ebrary Offers Spanish Language Content from e-Libro**

**July 21, 2009 – Palo Alto, CA, USA** – ebrary®, a leading provider of digital content products and technologies, today announced it is reselling over 30,000 Spanish-language e-books, journals, articles, theses, and other titles from e-Libro, the company’s valued distribution and technology partner since 2002. ebrary will offer the multidisciplinary selection worldwide and is the exclusive reseller to universities outside of Latin America and Spain.

“In our years of reselling ebrary’s e-book products and licensing its e-publishing services to distribute our own collections, we have been highly successful in catering to the content needs of academic libraries in Spanish-speaking markets,” said Felipe Varela, President of e-Libro. “It was natural for us to build upon our relationship with ebrary’s distribution services, and we look forward to making our Spanish-language titles available to even more students, faculty, and staff in the United States and around the globe.”

“ebrary has years of proven success in selling and marketing to libraries and other organizations all over the world,” said Donna Preudhomme, Senior Vice President of e-Libro. “We are excited to leverage ebrary’s global distribution network to provide new revenue opportunities for our publishing partners.”

“ebrary continually strives to provide high quality, authoritative content and other offerings relevant to the needs of our international audience,” said Leslie Lees, Vice President of Content Development at ebrary. “We are pleased to expand our product suite with Spanish-language titles from e-Libro, and look forward to providing materials in other foreign languages in the future.”

ebrary is offering e-Libro’s Spanish-language selection for title-by-title purchase or the following subscription databases:

- Spanish Complete (includes all databases below)
- Architecture, Urbanism & Design
- Biological, Veterinary & Agronomy Sciences
- Computer Science & Telecommunications
- Economic & Administrative Sciences
- Engineering & Technology
- Fine Arts, Visual Arts & Semiotics
- General Interest (includes European & American Literature Classics)
- Health Sciences (includes Medicine)
- Information Science & Communication
- Physical & Natural Sciences
- Psychology
- Social Sciences (includes Law & Political Science)

Key features and benefits for end-users include the following:

- Easy-to-use interface localized in Spanish and other languages.
- ebrary InfoTools™ networks every word with other online resources.
- Multiple options for searching and navigating.
- Personal bookshelves automatically store links to highlights, notes, and more, providing an archive of research. Folders can be emailed to peers.
- Automatic citations when text is printed or copied and pasted into Word or any text applications. Citations include an automatic URL hyperlink back to the source.
- Highlighting and annotating.
- Ability to transform text into a hyperlink to a URL of the end-user's choice.
- Text-to-speech and other keyboard shortcuts to assist end-users with special accessibility needs.

Libraries and other organizations interested in requesting a trial, title list or more information can email [sales@ebrary.com](mailto:sales@ebrary.com).

### **About e-Libro**

e-Libro Corp. was founded in 1998 by Eduardo Varela, and its first site, [www.e-libro.net](http://www.e-libro.net), became the first known Virtual Spanish Language Publisher. In 2000, e-Libro licensed ebrary's technology to develop its Spanish-language interface which was launched at [www.e-libro.com](http://www.e-libro.com). e-Libro currently offers more than 30,000 books, journals and other texts from over 100 prestigious publishing companies, and continues to digitize more than 400 titles every month. The company provides several subscription options to libraries at public, university, corporate and other academic institutions, and supports individual authors and

corporations with services such as editing, e-publishing and print-on-demand. Already available in Spain and 17 Latin American countries, e-Libro is poised to enter the U.S. and other markets worldwide with the expansion of its strategic alliance with ebrary.

**About ebrary ([www.ebrary.com](http://www.ebrary.com))**

ebrary helps libraries, corporations, publishers, and consumers get the most out of their digital content. The company offers a growing selection of more than 170,000 digital books, handbooks, reports, maps, journals and other valuable content from over 350 of the world's leading publishers under flexible subscription, purchase, and usage-based models. Additionally, ebrary offers e-publishing services for customers to cost-effectively distribute their own PDF content online on ebrary's servers or their own.

All ebrary products and services can be integrated and delivered via a single easy-to-use interface that includes powerful tools for finding, discovering, and managing information. With ebrary InfoTools™, every word in the ebrary system is a network to other online resources of the customers' choice, extending their value while increasing end-user knowledge and efficiencies.

Founded in 1999, ebrary is privately held and is headquartered in Palo Alto, CA, USA.
